Discover the small business health plans that live up to New York’s tough standards. And yours.
Running a small business takes courage and a lot of hard work. You make important decisions every day. And choosing the right health plan is definitely one of them.

That’s why we’ve made it easy, with plan designs that speak to who you are, how you run your business and your bottom line. And because you’re choosing an Empire BlueCross BlueShield plan, you can count on the quality and stability our customers have come to know for more than 80 years.

Today, we want you to know, it’s your purpose that’s at the heart of our promise: to build the ultimate benefits package for every type of small business and for every type of employee who works to keep your dream alive and well, every day.

Now let’s find you the perfect plan.
Meet our medical plans.

Here’s a brief explanation of the types of health plans we offer:

**A preferred provider organization (PPO)** allows members to see providers in-network or out-of-network. Members pay substantially less out of pocket when they use a provider in the PPO network. There’s no need to get a referral to see a specialist.

**An exclusive provider organization (EPO)** only covers services received from providers in the EPO network. Members don’t need a referral from a primary care physician (PCP) to see a specialist. If services are received from an out-of-network provider, coverage is not available or limited.

**A health maintenance organization (HMO)** only covers services from providers in the HMO plan network. Members must choose a PCP in the network. If a specialist is needed, the PCP provides a referral. If services are received from an out-of-network provider, coverage is not available or limited.

**Consumer-driven health plans (CDHP)** feature higher deductibles than traditional insurance plans. They can be paired with a health savings account allowing members to pay for qualified out-of-pocket medical expenses. CDHPs are available as an HMO, EPO or PPO.

**Health savings account (HSA)** is a member-owned savings account that you and your employees can fund with pre-tax dollars to help pay for qualified health care expenses, including prescriptions.

Different networks to meet different demands:

**Preferred Provider Organization (PPO)/Exclusive Provider Organization (EPO) Network** Comprehensive coverage within the Empire service area.

**Blue Priority Network** An EPO network, our EPO solution, with comprehensive coverage and access to in-network doctors that participate in our Enhanced Personal Health Care program. It’s personalized care and strong benefits at a lower price.

**Pathway Network** An HMO network, our HMO solution, with comprehensive coverage through Empire’s 28-county service area. You get lower or no copays. It’s good care at a competitive cost.

Preventive care visits are covered 100% with in-network providers.

We’re Empire. Get to know the power behind a Blue Cross and Blue Shield plan.

That’s a name that brings local and nationwide access to care like no other.

In New York:

160 acute care hospitals
85,000+ physicians
17 years more doctors rated BEST by New York Magazine

93% U.S. doctors are in the BlueCard® program
96% U.S. hospitals are in the BlueCard® program

Our strength is backed by some serious numbers through the BlueCard® program.

Providing health coverage for millions of members is pretty powerful, but we’re also about creating healthier communities and investing in the future for our people and our businesses.

That means you, our small business employers. When you choose Empire, you’ll enjoy network discounts, innovative health and wellness programs and access to quality care.

And if members live, work or play across the country, or abroad, they’ll have access to doctors and hospitals through one single electronic network: BlueCard. The BlueCard program lets them use providers almost everywhere in the U.S. (in urban and rural areas alike) and in nearly 170 countries and territories around the world through BlueCard Worldwide.

Around the corner and around the world, we are there for you. That’s Empire, always.

Visit empireblue.com > Useful tools > Find a doctor to check which doctors and other health care providers are covered in-network.
You don’t settle for good enough. Neither do we.

At Empire, we’re always working to find a better way — for you and your employees.

We know you always need to do more with less. So we took a good look at how we could find even more savings for New York’s small businesses. Affordability is important to everyone, and so is the health of those around them. Here’s a glimpse of what we’ve created to give you more options that may work for your business.
Now you have even more ways to save.

New pharmacy benefits

Did you know that employees use their pharmacy benefit more frequently than any other health benefit? And, that the average person fills 12 prescriptions per year and only goes to the doctor three times a year? Because pharmacy costs make up about 20% of employer health care costs, we created the following benefits to help you save on your health care premiums. Take a look:

- 90-day refill at retail pharmacies — Employees can get a 90-day supply of medication from certain participating local retail pharmacies. They can still get a 90-day supply through Home Delivery Pharmacy as well.
- PreventiveRx Plus — Employees can get certain preventive drugs for consumer-driven health plans at a lower cost share, not subject to the deductible. By making preventive drugs more affordable, employees are better able to get the drugs they need to avoid certain diseases and related complications. This benefit is designed to keep your employees healthy — and help you save on health care costs.
- Home delivery choice — Members have an option of mail delivery or retail pharmacies for their maintenance drugs.

Our Small Group health plans are covered under the Select or National formulary/drug list. Visit page 36 for more details or visit empireblue.com/pharmacyinformation for more information.

Health and Wellness Incentives

Healthy Support

We believe health care is everyday care. That means covering your employees when they need it and helping to keep them healthy today, tomorrow and always.

Sometimes a little incentive is all we need to take that extra healthy step. And that’s why we’re offering employees and their spouse or partner financial incentives for taking simple steps to live well.

Healthy Support offers easy ways for an employee to earn up to $700 per year:

<table>
<thead>
<tr>
<th>Incentive</th>
<th>Amount</th>
<th>Requirements</th>
</tr>
</thead>
<tbody>
<tr>
<td>Preventive wellness exam and flu shot</td>
<td>$100</td>
<td>Employees must complete both the wellness exam ($50) and the flu shot ($50) to receive the $100 reward. Activities can be completed in any order. Once the second of the two activities is complete, two separate rewards will be given.</td>
</tr>
<tr>
<td>Tobacco-free certification</td>
<td>$50</td>
<td>Employees complete the online tobacco-free certification after they register and log in at empireblue.com.</td>
</tr>
<tr>
<td>Online wellness toolkit</td>
<td>Up to $150</td>
<td>Employees earn rewards by using online wellness tools that help them achieve nutrition, exercise, stress and other personal health goals.</td>
</tr>
<tr>
<td>Gym reimbursement</td>
<td>Up to $600</td>
<td>Employees who meet reimbursement qualifications (complete 50 visits every six months within the benefit plan year) can earn up to $300 every six months. Employee’s spouse can earn $100 every six months. Up to $600 annual benefit per family.</td>
</tr>
</tbody>
</table>

Incentives are paid out in gift cards. Once they complete reward activities, employees will get a letter telling them they’ve received a reward. The letter will have instructions on how to get their reward.

Gym reimbursements are paid out by check. Employees must fill out verification forms, available at empireblue.com and submit them.

A pioneering approach to care

The kind that works better — for everyone

Your employees deserve a better experience getting their health care. That’s why we’ve taken steps to build health care coverage that works for them and you. We’re working more closely with our network providers to create more convenient access to care, so your employees know we’ve got them covered.
Welcome to an exciting **transformation in the doctor-patient relationship** created for Empire members.

It’s called **Enhanced Personal Health Care** and it’s the kind of care everybody wants.

We’re changing the way we work with doctors by rewarding them for the quality of the health care they deliver rather than just the amount of patients they see. Our new model puts patients in a circle of care, making them the central focus on a team approach to their overall health. We do this by:

- **Paying doctors for value over volume** when they improve patient health, meet quality standards and lower costs.
- **Giving doctors added support** with the right tools and strategies to help strengthen the doctor-patient relationship so they can spend more time with patients and coordinate their care with other doctors.
- **Improving the patient experience** with better access to a primary care physician (PCP) who cares for the whole person, becomes their health care champion and helps them navigate the health care system.

"Through Empire’s Enhanced Personal Health Care program, we contacted women who needed mammograms. Of those who received a mammogram, three had early-stage breast cancer. That’s why we have extended hours and systems in place to try to help patients receive the care that they require. Doctors and insurers work closely together to provide better care, focusing on the value, not the volume, of care delivered. It’s a great program that ultimately saves lives."

— Dr. Frank Maselli, MD, Family Practitioner
Riverdale, Family Practice

The advantages are **undeniable**

- **1.6%**
  - Decrease in emergency room (ER) visits

- **5.7%**
  - Fewer inpatient days per 1k members.

- **7.8%**
  - Fewer acute inpatient admissions.

**Enhanced Personal Health Care** is patient-centered and **compensates doctors for the quality of care** they give, not just the number of patients they see.
Employees have access to care, anytime, anywhere\(^1\) with LiveHealth Online\(^\circledast\) — all it takes is an Internet connection. When using LiveHealth Online, your employees can have face-to-face video visits with board-certified doctors or licensed psychologists and therapists right from their computer or mobile device. You demand affordable plan options

We offer choices to fit the needs of most types of business. With health and wellness extras that deliver superior long-term value.

Get ready to meet your match! No matter what the size of your business and your needs and preferences, you’ll find the right health plan, right here. We offer a full range of high-quality plans with a wealth of solutions designed to help you control costs. Our commitment to you is to get it exactly right.
**Pharmacy benefits**
Together with medical — better and easier than ever

You may not know it, but pharmacy benefits are the most widely used benefits. At Empire, we focus on more than just pharmacy costs — we’re looking at the bigger picture — the value of better health. That’s why all Empire Small Group products include pharmacy benefits.

We also make it easy for employees with single-sign-on access to their pharmacy benefits through empireblue.com.

In evaluating a plan, it’s important to look at the drug list to understand which drugs are covered. View our drug lists online at empireblue.com/pharmacyinformation.

**Better health and lower costs of care begin with better medication management**

With our pharmacy, clinical and cost-of-care programs, we can help your employees live healthier.

- Helping manage chronic conditions
- Addressing medication gaps
- Improving adherence to taking medications as prescribed
- Saving money with generics, home delivery and a broad network of pharmacies

**Here’s how we do it:**

With pharmacy and medical combined, we can target members with specific messaging, such as cost savings for generics and therapeutic equivalents. And we can coordinate that messaging between the member and the doctor to identify and help close gaps in care, switch members to more effective and less expensive drugs and communicate safety concerns.

**Let’s get technical with pharmacy**

It’s easy to fill prescriptions, check copays or coinsurance and more by going to empireblue.com or downloading our mobile app.

We are closing the gap between giving members information and getting them to act on it.

**By combining medical and pharmacy and coordinating these benefits systemwide, we are writing a prescription for more effective and more affordable health care for you and your employees.**

**The results speak for themselves**

28% MORE gaps in care identified
32% MORE members are compliant with their medications
26% MORE care gaps closed within 12 months
Specialty benefits

Empire’s Whole Health Connection™ — your medical and specialty solution

Empire medical plans include pediatric dental, pediatric vision and basic adult vision coverage.* However, you can add Empire dental or vision products to your medical plan for more comprehensive coverage. Experience the ease of one application, one implementation process, one bill and one ID card.

Your employees deserve the best — and we can help you do right by them with vision, dental, life and disability plans that build on their medical coverage. After all, more care options can mean happier, more productive employees. Our specialty plans are clinically connected to our medical plans. This means we have the potential to deliver a bigger and better picture of health for employees with less hassle and more savings for your clients.

Pediatric dental and vision benefits are included in all of our medical plans. Adult vision is also included at no additional cost.*

You also can purchase enhanced dental and vision and life and disability plans separately. For benefit details, please see the dental and vision grids at the back of this guide.

Vision

**More doctors, better discounts** and a clear path to overall health with Blue View Vision™

Vision care can play a powerful role in early detection and more effective management of chronic conditions. In fact, eye exams can help identify serious conditions like diabetes, high blood pressure and high cholesterol.

When we connect Blue View Vision with our medical plans, providers can better see the total health of the member, which helps them deliver better, more informed care.

Connection of care
- Claims and clinical data go into members’ electronic health files
- Vision providers can see information quickly
- Automatic referrals go to our ConditionCare program if a health issue is found

Blue View Vision™ is included in all Empire Small Group health plans with coverage for yearly eye exams plus frames and lenses for children (up to age 19). Adults have coverage for yearly eye exams plus frames ($130 in-network allowance) and lenses every two years.² Enhanced benefits are also available. For benefit details, please see the Blue View Vision grid on page 40. For a list of participating Blue View Vision providers in your area, visit empireblue.com and select Find A Doctor.

A little coaching makes a big difference

With Anthem Life coverage, when members engage with a medical nurse care manager, their average medical costs are $8,000 less during their disability claim period.

Package disability with one of our medical plans

Your employees are connected with teams of clinical, behavioral health, vocational rehabilitation and counseling specialists who can help them get back to life and back to work.

You may get Guaranteed Issue!

That means some of our life and disability benefit options are available without employees having to go through health underwriting — and there are no health questionnaires to fill out.

2Available with short-term disability.
You want to offer dental, vision, life and disability coverage, but you just can’t cover the cost. That’s ok. We’ve got another way.

We understand it can be a tough balancing act. You want to offer a competitive benefits package that helps attract and retain the best employees, but your dollars only go so far.

That’s why we offer a voluntary portfolio for dental, vision, life and disability plans with low minimum participation requirements. You pick the plan designs and your employees choose the coverage at affordable group rates. And because the employee pays 100% of these costs, there is no impact on your bottom line.

For more information on how to add voluntary dental, vision, life and disability plans to your benefit package, talk to your broker.

Voluntary plans offer you a way to strengthen the value of your benefits plan and improve employee satisfaction, at no extra cost to you.
Taking your employees’ health personally

Health and wellness for all, but in the end it comes down to you

You matter. What a great feeling to know someone’s got your back, helping you and your employees stay healthy, today and tomorrow.

Our team of wellness experts study the reasons why people engage in healthy behaviors, programs and activities. We take their data to heart to find better solutions that can bring your employees to optimum health and optimum performance.
Total Population Health solution

Let’s get personal. Everyone has their own unique set of health issues and goals. That’s why we built our wellness programs to speak to each person on the wellness spectrum — from the super healthy to those needing immediate support. Our programs are managed by a team of experts who connect members to the right programs for their specific needs. This way, no one falls through the cracks.

MyHealth Advantage is an outreach program that helps members stay current with their health care and save money. By analyzing member health data and history, the program aims to identify possible health risks, care gaps and savings options. Care gaps are sent to providers as well to ensure the best care possible.

Health and wellness incentives offer members financial rewards for getting and staying healthy. These are available on all plans and include financial incentives for taking preventive care steps (flu shots or wellness exams) to driving lifestyle changes like being or becoming tobacco free (see page 9 for details).

The ConditionCare program teams up certain members with nurse coaches and other health professionals who aim to give them holistic, integrated and seamless health management for chronic conditions including asthma, chronic obstructive pulmonary disease (COPD) and heart disease. Of those members in the program, 90% were satisfied with their ConditionCare nurse interactions and said the tools and materials were easy to understand.¹

Future Moms helps moms-to-be have a healthy pregnancy. Experienced nurses provide individualized care for pregnant members to help ensure a full-term, healthy baby. Of those members in the program, 90% said the information and tools helped them have a healthy pregnancy.²

24/7 NurseLine is staffed with registered nurses who are just a phone call away at any time. Nurses can answer questions about a medical concern or help members choose the right level of care. Members can call the same phone line and listen to hundreds of health topics in the AudioHealth Library. The recordings are available in English and Spanish.

LiveHealth Online gives members access to board-certified doctors or licensed psychologists and therapists through live video on their smartphone, tablet or computer with a webcam (see pages 14-15 for details).

Case Management nurses help certain members deal with complex health issues and navigate the health care system. Backed by a team of physicians, pharmacists, exercise physiologists and others — our nurses have the latest information on many treatment options.

The Cancer Care Quality Program is an innovative quality initiative that allows oncologists to compare planned cancer treatments against evidence-based clinical criteria and potentially receive enhanced reimbursement. A goal of the program is to promote access to quality, evidence-based, affordable health care for our members and to provide the framework to begin changing the cancer care paradigm. This program also allows our members to be identified earlier for our Case Management program.

For details on our health and wellness options, talk to your broker.

Dental Prime and Dental Complete

Plans with more coverage choices

When we created the Dental Prime and Dental Complete plans, we made sure they could be custom fit. That means choices in coverage, including options for:

- Dental implants.
- Composite (tooth-colored) fillings on any tooth, not just the front teeth.
- Orthodontic benefits for kids and adults, or kids only.
- Annual maximum carryover, which lets members carry over some unused benefits to the next year.

Pediatric dental essential health benefits (EHBs) are included with your medical plan. You can also add adult dental coverage or supplement the pediatric dental EHBs to a higher level of coverage by purchasing one of our stand-alone Dental Prime and Dental Complete plans. See the grid that follows for more information.

Value, Classic and Enhanced dental plans

For groups of 2 to 50, we offer a choice of dental plans that use our Dental Complete and the deeper discounted Dental Prime networks. You can choose from our Value, Classic and Enhanced levels. So you can select the level that fits your needs and budget:

- Value dental plans cover the basics like periodic cleanings, exams, X-rays and fillings.
- Classic dental plans cover basic dental services, as well as most major services.
- Enhanced dental plans have the most coverage, with choices for higher levels of coverage/annual maximums and lower coinsurance for members.

In addition, we also offer voluntary dental plans, which allow you to offer dental coverage to your employees without adding to your expenses. And our voluntary plans only require that two or more employees enroll.

*Excludes Healthy New York Small Group plans.

Above amounts reflect in-network copays and allowances.

Benefits include coverage for member’s choice of covered eyeglass lenses or contact lenses, but not both.

Health, Dental, Vision, and EAP products and services are offered by Empire HealthChoice HMO, Inc. and/or Empire HealthChoice Assurance, Inc., licensees of the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield plans.

2016 Blue View Vision Plans (2-100 employees)
This document is a summary and not a contract or policy. Benefit plans have exclusions, limitations and terms that apply. This brochure is not a contract with Empire BlueCross BlueShield. If there is any difference between this brochure and the Evidence of Coverage, Summaries of Benefits, and related Amendments, the provisions of the Evidence of Coverage, Summaries of Benefits and related Amendments will govern. For more information, please call Empire’s Small Group Contact Center at 1-866-422-2583, Monday – Friday from 8:30 a.m. – 5 p.m.

A Small Group must have at least one active, full-time FTE employee (working at least 20 hours per week), but no more than 100 FTE employees. A Small Group can consist of one non-spouse employee plus the business owner; a group of 100 would consist of the business owner plus 99 employees. Empire Dental is offered to groups 2-50.

LiveHealth Online is the trade name of Health Management Corporation, a separate company, providing telehealth services on behalf of Empire BlueCross BlueShield.

Health, Dental, Vision, and EAP products and services are offered by Empire HealthChoice HMO, Inc. and/or Empire HealthChoice Assurance, Inc., licensees of the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield plans. Life & Disability products are underwritten by Anthem Life & Disability Insurance Company, an affiliate of Empire HealthChoice Assurance, Inc. Independent licensees of the Blue Cross and Blue Shield Association. ANTHEM is a registered trademark of Anthem Insurance Companies, Inc.
